

GREAT THANKSGIVING (*Tune: Lamb of God TFWS #2113*)

God is right here. God's never far.
Give God your heart, all that you are.
Give all your praise, thanksgiving too.
It is so meek and right to do.

(Refrain) **God is right here. Right from the start, God loved us first with open heart.
So great a love, our God has shown, Through God's own Son our sins
atoned.**

Each life God made a work of art
Created by a loving heart.
Each made unique by God's own touch
To bless this world God loves so much.

We are so blind, we do not see.
The wonder God made us to be.
God does not want us all the same.
Ten thousand kinds to praise One name.

(Refrain) **Holy, Holy, Holy our Lord, Our God of pow'r, Almighty Word
Highest in heaven and here on earth, Blest is the one who comes to us.**

Fully divine. Completely man.
God came to dwell upon the land.
He showed we did not have to sin.
We could find life, just follow him.

The loving Christ became a slave.
Not to be served, to serve he came.
He washed their feet to shame their pride.
So they might serve with arms stretched wide.

With all God's love, Christ took the bread.
Upon his body they were fed
So they might taste his sacrifice
And share with all eternal life.

With all God's grace, Christ held the cup.
With his own blood he filled it up.
A holy life, poured out in love,
God's promise of salvation come.

(Refrain) **With Christ I have been crucified, In Christ my life is realized.
Each day Christ comes, in least and last, For me to love, his hand to clasp.**

Come Holy Spirit, Show God's love.
Make this for us, Christ's body, blood.
This outward sign, an inward grace
God's holy presence in this place.
Come Holy Spirit full of grace
Make us your church, make us your face.
A sacrifice to show your love,
To heal this world, bring praise above.

(Refrain) In Jesus name, The Spirit praise, And give God glory all our days.
Dominion, power, praise and thanks. Amen. Amen. Amen. Amen.
