

Great Thanksgiving
(Our Peace in an Anxious World)

Candler LMD

Be our peace in an anxious world.
Be our sure hope when trouble comes.
Be our calm in a troubled world.
So we feel safe, when struggles comes.
Give us your grace to forgive sins.
Give us your mercy, let us see
That hate and vengeance never wins.
Thanks for setting all of us free.

Jesus is now our prince of peace.
Jesus will be our destiny.
Jesus died, all sins to release,
So we could forgive all we see.
Give us the grace to be like Christ,
His love to live in harmony.
Let our love bloom in sacrifice
as we live in Christ's mystery.

For us Christ broke the holy bread
To demand the oppressed go free.
To give us life when we felt dead
So we might live abundantly.
For us Christ drank God's awful cup
of pain and human misery.
On the cross Christ was lifted up
So we could join love's mystery.

Holy Spirit please give us peace,
As we now share this bread and wine.
Let Your mercy and grace increase
To reach this anxious life of mine.
Holy Spirit please give us hope,
As we now share our lives with You.
Use to help the world to cope,
So they may fall in love with You.
